Health and Safety declaration

TILL Photonics

Please enclose this form (e.g. in the shipping envelope) so that it is accessable from the outside of the packaging (in urgent cases please fax it to us).

Address:

Fax:

We aim to protect our employees from contaminated equipment (bacteriological, virological, chemical or radioactive). We therefore ask for your understanding that we can only execute repairs if this declaration has been submitted to us, filled out correctly and signed.

Equipment shipment from **RMA No.:**

The signing person ensures:

- that the equipment was carefully cleaned and decontaminated before dispatch.
- that no contamination can eminate from the equipment of a bacteriological, virological, chemical or radioactive type.
- that she/ he is authorized to be able to give such statements for the represented company/ laboratory.
